I Have Been Approached

on several occasions lately, by men who insisted that they wanted money—my money. Now, I have little money, but I have a large stock of goods. With a view to stimulating trade to the result of turning my large stock of goods into money, simply and solely that I may gratify the above mentioned rapacious individuals, I make the following proposals:—

To the purchaser buying the largest amount of goods from me in the line of Farm Machinery, Gasoline Engines, Saw Rigs, Sleighs, Cream Separators, Harness, etc., between this time, Dec. 11th, 1909, and April 1st, 1910, I will make a present of a 1-H. P. Gasoline Engine, a Sulky Plow, or a good, new Concord Buggy, or allow the price of either of these to go towards the purchase of any more expensive article.

To the purchaser buying the second largest amount in the same time I will give a good Driving Harness, an Eclipse Corn Planter, or allow the price of either (\$20.00) to apply on any larger purchase.

To the person making the largest number of purchases, price not to be considered, I will give a \$5.00 Gold Piece. No strings to these propositions.

Buy the goods and the articles named are ready for the ones entitled to them.
